Fact Family Cards

Three fact family cards are shown, each with a large number and two smaller numbers. The cards are arranged in a row. The first card has the number 12, with 3 and 4. The second card has the number 18, with 3 and 6. The third card has the number 21, with 3 and 7. Each card contains two hexagonal icons: one with a multiplication sign and a division sign, and another with a multiplication sign and a division sign.

Three fact family cards are shown, each with a large number and two smaller numbers. The cards are arranged in a row. The first card has the number 24, with 3 and 8. The second card has the number 30, with 3 and 10. The third card has the number 33, with 3 and 11. Each card contains two hexagonal icons: one with a multiplication sign and a division sign, and another with a multiplication sign and a division sign.

Three fact family cards are shown, each with a large number and two smaller numbers. The cards are arranged in a row. The first card has the number 36, with 4 and 9. The second card has the number 20, with 4 and 5. The third card has the number 24, with 3 and 4. Each card contains two hexagonal icons: one with a multiplication sign and a division sign, and another with a multiplication sign and a division sign.

Fact Family Cards

This row contains three fact family cards. The first card is for the number 4, with 7 at the bottom-left and 4 at the top-right. It shows 28 in the top-left and 32 in the bottom-right, with multiplication and division symbols in hexagons in the center. The second card is for the number 8, with 8 at the top-left and 4 at the top-right. It shows 36 in the top-left and 40 in the bottom-right, with multiplication and division symbols in hexagons in the center. The third card is for the number 10, with 10 at the top-right and 4 at the bottom-left. It shows 40 in the bottom-right and 32 in the top-left, with multiplication and division symbols in hexagons in the center.

This row contains three fact family cards. The first card is for the number 4, with 4 at the top-right and 11 at the bottom-left. It shows 44 in the top-left and 48 in the bottom-right, with multiplication and division symbols in hexagons in the center. The second card is for the number 12, with 12 at the top-left and 5 at the top-right. It shows 25 in the top-left and 30 in the bottom-right, with multiplication and division symbols in hexagons in the center. The third card is for the number 9, with 9 at the top-right and 5 at the bottom-left. It shows 30 in the bottom-right and 25 in the top-left, with multiplication and division symbols in hexagons in the center.

This row contains three fact family cards. The first card is for the number 5, with 5 at the top-right and 7 at the bottom-left. It shows 35 in the top-left and 40 in the bottom-right, with multiplication and division symbols in hexagons in the center. The second card is for the number 8, with 8 at the top-left and 5 at the top-right. It shows 45 in the top-left and 50 in the bottom-right, with multiplication and division symbols in hexagons in the center. The third card is for the number 10, with 10 at the top-right and 5 at the bottom-left. It shows 50 in the bottom-right and 45 in the top-left, with multiplication and division symbols in hexagons in the center.
